

## ENVIRONMENTAL STATEMENT

We are committed to respecting and protecting the environment and shall continually improve our environmental performance, endeavour to prevent pollution and carry out all our activities in line with the requirements of ISO 14001.

### We shall:

- Comply with all relevant environmental legislation
- Establish and review environmental objectives based on this policy.
- Communicate our policy internally and externally.

### We shall:

- Reduce waste production where feasible;
- Reduce the consumption of energy within the office environment
- Minimise the use of natural resources where possible;
- Prevent contamination to land or water arising from our company's operations
